Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of South Bronx Charter School for International Cultures and the Arts as of June 30, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited South Bronx Charter School for International Cultures and the Arts' 2014 financial statements, and our report dated October 30, 2014, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2015 on our consideration of South Bronx Charter School for International Cultures and the Arts' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering South Bronx Charter School for International Cultures and the Arts' internal control over financial reporting and compliance.

SOUTH BRONX CHARTER SCHOOL
FOR INTERNATIONAL CULTURES AND THE ARTS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2015

1. Organization

South Bronx Charter School for International Cultures and the Arts (the “School”), a 501(c)(3) tax-exempt organization, is a public charter school located in The Bronx, New York. The School opened in 2005 and currently operates classes from kindergarten to fifth grade. The School’s charter was renewed in 2013 for an additional five years. The school provides scientifically research-proven standards-based educational programs, with an emphasis on international cultures, the arts, and mastery of a second language.

2. Summary of Significant Accounting Policies

a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

b) Financial Statement Presentation

The School is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted.

- i) Unrestricted net assets – Net assets that are not subject to grantor or donor-imposed stipulations.
- ii) Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the School and/or passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. There are no temporarily restricted net assets at June 30, 2015.
- iii) Permanently restricted net assets – Net assets subject to grantor or donor-imposed stipulations that they be maintained permanently by the School to use all or part of the assets for general or specific purposes. There are no permanently restricted net assets at June 30, 2015.

Furthermore, information is required to segregate program service expenses from support expenses.

2. Summary of Significant Accounting Policies (Continued)

c) Cash and Cash Equivalents

The School maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The School has not experienced any losses in such accounts. The School believes it is not exposed to significant credit risk on cash and equivalents.

For purposes of the statement of cash flows, the School considers all highly liquid debt instruments purchased with maturity of three months or less to be cash equivalents.

d) Grants and Contributions Receivable

Unconditional promises to give that are expected to be collected within one year are recorded as grants and contribution receivable at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Conditional promises to give are not included as support until the conditions are substantially met.

e) Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted net assets depending on the existence or nature of any donor restrictions.

f) Functional Allocation of Expenses

Costs and expenses of various programs and other activities have been analyzed on a functional basis. Accordingly, all costs and expenses incurred have been allocated among the programs and supporting services benefited

g) Property and Equipment

Purchase of property and equipment are capitalized at cost. Donated assets are capitalized at the estimated fair value at date of receipt. The cost of maintenance and repairs is charged to expense as incurred; significant improvements are capitalized. The School capitalizes additions and significant improvements in excess of \$1,000. Depreciation is computed using the straight-line method over estimated useful lives of 3 to 7 years for equipment, furniture and fixtures, and 39 years for the building.

2. Summary of Significant Accounting Policies (Continued)

h) Revenue Recognition

Revenue from the state and local government resulting from its charter school status is based on the number of students enrolled and is recorded when services are performed in accordance with the charter agreement.

Revenue from federal, state and local government grants and contracts are recorded by the School when qualifying expenditures are incurred and billable. Funds received in advance for which qualifying expenditures have not been incurred are reflected as refundable advances from state and local government grants in the accompanying statement of financial position

i) Income Taxes

In August 14, 2007 South Bronx Charter School for International Cultures and Arts received approval of its application for tax exempt status from the internal revenue service under section 501 (c) (3) of the internal revenue code and has been classified as a publicly supported organization as described in internal revenue code section 509 (A) (1) and 170 (B) (1) (A) (II).

Management has determined that the Organization had no uncertain tax positions that would require financial statement recognition. The Organization is no longer subject to income tax examination by federal, state or local tax authorities for years before 2011, which is the standard statute of limitations look-back period.

j) Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (Continued)

k) Comparative Financial Information

The June 30, 2015 financial statements include certain prior year summarized comparative information in total but not by net asset class. In addition, only certain of the notes to the financial statements for June 30, 2014 are presented. As a result, the June 30, 2014 comparative information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such June 30, 2014 information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2014, from which the summarized information was derived.

l) Deferred Expenses

Closing costs are amortized on the straight-line method over the life of the related bonds as indicated in note 7.

m) Donated Services

The School receives donated services from unpaid volunteers. No amounts have been recognized in the statement of activities since the services do not meet the specialized skill criteria for recognition under generally accepted accounting principles.

3. Reclassifications

Certain accounts relating to the prior year have been reclassified to conform to the current year's presentation. These reclassifications have no effect on changes in unrestricted net assets as previously reported.

4. Accrued Payroll and Benefits

Accrued payroll and benefits consist of amounts earned by the staff during the school year but paid out over the summer months.

c) Debt Service Coverage Ratio

Pursuant to the loan agreement, The School is required to maintain ongoing debt service coverage ratio greater than 1.0.

10. Concentration of Risk

The School receives a substantial portion of its support and revenue from the New York City Department of Education. If the charter school laws were modified, reducing or eliminating these revenues the School's finances could be materially adversely affected.

11. School Facility

Prior to the construction of the new facility, The School shared space with a New York City public school. The School was not responsible for rent, custodial services, and maintenance and school safety services other than the security needed after public school hours.

12. Contingency

The School participates in a number of federal and state programs. These programs require that the School comply with certain requirements of laws, regulations, contracts, and agreements applicable to the programs in which it participates. All funds expended in connection with government grants and contracts are subject to audit by government agencies. While the ultimate liability, if any, from such audits of government and contracts by government agencies is presently not determinable, it should not, in the opinion of the management, have a material effect on the financial position or results of operations. Accordingly, no provision for any such liability that may result has been made in the accompanying financial statements.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of South Bronx Charter School for International Cultures and the Arts, which comprise the balance sheet as of June 30, 2015, and the related statements of income and expense, changes in partner's capital, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 28, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered South Bronx Charter School for International Cultures and the Arts' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of South Bronx Charter School for International Cultures and the Arts' internal control. Accordingly, we do not express an opinion on the effectiveness of South Bronx Charter School for International Cultures and the Arts' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether South Bronx Charter School for International Cultures and the Arts' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
